AYMAN MANSUR

Computer Science and Engineering undergraduate passionate about technology and eager to apply knowledge to real-world projects. Dedicated to contributing to innovative solutions, comfortable in both independent and collaborative work environments, with a commitment to continuous learning.

WORK EXPERIENCE

IEEE , BRAC UNIVERSITY

Joined IEEE CS & AESS

Co-founder of Car Syndrome

I manage a popular car page on Facebook with almost 10,000 followers. I take pictures and videos of cars and share them on social media. I've also teamed up with different car pages like 'Shift' from The Daily Star.

Teaching experience

- Currently private tutoring 4 students of O-levels Mathematics, Physics & Chemistry
- Worked as a teaching assistant for a high school Mathematics teacher. Graded the assignments of 40+ students in General Mathematics.

ADDITIONAL INFORMATION

- Authored a research paper on NLP, which was accepted for presentation at the ICCIT 2023 Conference.
- Managed various responsibilities during the high school sports day, demonstrating adeptness in handling pressure and effectively supervising staff members.
- Participated in various scouting activities focusing on teamwork, leadership, and community service for a year
